

Exclamation point!

Now is that too hard for you?

My English teacher hates me

Because I am too loud

Old friends used me than dropped me when
their moms didn't like me

What did I do to them?

Why am I hated?

I'm lean

Double me, and I have cute shoes

And I always match

My friends always like the

Stupid

Chubby

Period

Everyone loves him

He is quiet but also

Fat

And all the same color

Like there is a shirt all over his body from
head to toe

I think people like him more because he
takes less effort

Just a touch

I take two steps

A line then a dot
