

Land of the Should Be

America is not what it is to the many before me.

America,

The home of the brave and the land of the wealthy.

The land of the wealthy that have the future, the opportunity.

The opportunity to change, to take, to have this country.

The country being built by the future oblivious to the past.

Or how fast they can change the past and make it what it is to us,

The Americans.

The Truth.

The reality.

Blaming us for the fatality of this nation .

It's the weekends that are worked,

The overtimes that stick into our time like a fork.

That's the difference between you and me,

The home of the slave and the land of the should be.

I am America.

I am the should be.

The home of the brave and the land of ME.
